Welcome!

Dear St. Paul School Parents/Guardians,

St. Paul School offers a lunch program through Princeton Food Management. This outside vendor provides cooked lunches each day using a point of sale system that makes it convenient for you and your child. A monthly lunch menu is posted on the school website.

Each student is assigned a lunch account. They can use this account to only purchase lunch, drinks or snacks from the cafeteria. Money can be put onto your child's account in any amount to pre-pay for your child's lunches. (Checks should be made out to Princeton Food Management.) Students are notified when their balance is running low and their account needs to be replenished. Letters are emailed to notify you of a negative balance. You can add a note to your child's account to limit their spending. The point of sale system is used as a debit system, *not* a credit system. Please send payments into school in a timely manner to keep your child's lunch account in good standing. If you ever have a question about your child's account, please contact the kitchen at kitchen@stpaulbrl.org.

The system also provides safety for your child. If your child has any allergies, they will be posted in their account and your child will not receive items that they are allergic to.

We are excited to be providing lunches to St. Paul School and are looking forward to working with all of you.

Sincerely,

St. Paul School Cafeteria Staff
Princeton Food Management
